

Summer school HSE MANAGEMENT

Virtual training: 27th - 28th June 2022, MS Teams

Practical training: 11th - 15th July 2022, Ostrava, Czech Republic

The programme is intended for bachelor and master students and focuses on Occupational and process safety- safety culture, industrial safety, risk assessment, climate change and occupational safety.

It includes an interactive and collaborative introductory online course and an on-site training comprising excursions to local companies, practical training, team work and networking.

5 ECTS credits are awarded to participating students.
